Dear Ms. DOTSON:

With regard to the above-identified application which the USPTO has alternatively lost or confused, we provide a complete copy of the application file for reconstruction. We are providing this submission on the recommendation of your colleague, Rosa THOMAS. The circumstances of the prosecution will be clear from the Petition of December 14, 2004. The Office has never contacted us for reconstruction; however, there are limits as to how much the applicant must suffer.

We thank you for your assistance in this regard. Please do not hesitate to contact us.

Very truly yours,

THE FIRM OF HUESCHEN AND SAGE
